Infosys, Accenture & Wipro Preparation Guide

Prepo by Avneesh — Assessment Tracks, Pseudocode & Patterns | Category: COMPANY GUIDES & PATTERNS

1. Infosys DSE & Specialist Hiring Pattern

• Reasoning (15 Qs): Data sufficiency, cryptarithmetic, syllogisms, puzzle test.
• Mathematical Ability (10 Qs): High-difficulty algebra, probability, permutations, geometry.
• Verbal Ability (20 Qs): Sentence correction, reading comprehension, critical reasoning.
• Pseudocode Section: Dry-running nested loops, recursion trees, and bitwise operations.

2. Accenture Cognitive & Technical Assessment

• Stage 1 (Cognitive & Tech): Critical thinking, abstract reasoning, pseudocode, MS Office & Cloud basics.
• Stage 2 (Coding): 2 coding problems (Strings, basic algorithms, matrix manipulations).
• Communication Assessment: Reading, repeating sentences, vocabulary questions, listening comprehension.

3. Wipro Elite National Talent Hunt (NTH)

• Aptitude Section: Logical reasoning, quantitative aptitude, English grammar.
• Written Communication: Automated essay grading evaluating grammar, coherence, vocabulary.
• Coding Challenge: 2 problems testing arrays, recursion, and sorting logic.
